Dear Milt:

Re: MGH-301

At your request I am forwarding a copy of our Memo For Record, MGH-301, "Sine Wave Response of a Heterogeneous Medium". This is a "Company Confidential" memorandum and is forwarded to you with the express understanding that the information contained therein will be used only in connection with the problems of our mutual Customer, Dick B., and not for other purposes. Any other contemplated uses including publication or wider dissemination should receive our prior approval in writing.

I understand that you also want another memorandum. This is still in hand written form, but we will forward a copy as soon as it is typed.
